

“RAINED OUT” DETAILS / INSTRUCTIONS

Summary

This program will assist our chapter members in a better organized communication system while not adding any expense to chapter's annual budget. The highlight of this system give instant notification to the membership for upcoming events, changes in scheduled rides (like bad weather) and serve the membership as a convenient communication tool while on extended out of town events (i.e.: Washington, DC or Big Bend run). Best of all, the program usage is solely the responsibility of the member to JOIN or REMOVE themselves from the system eliminating extra workload on the Administrators / Officers of THCC #1410.

These instructions apply ONLY to: Active THCC #1410 Membership
